MEMORANDUM FOR: THE EXECUTIVE

SUBJECT: Interrogation of [REDACTED]

3. In connection with the translation request, it was acknowledged at the PRC meeting on 22 May that this was, in effect, a supplementation to the work done by the Foreign Documents Division. However, the translation involved would be primarily of material developed in the [REDACTED], would be screened by FDD and would be carried out by aliens directly involved in the alien interrogation program if FDD were unable to perform the work in the desired time. Inasmuch as it was so directly related to [REDACTED], it was considered appropriate for inclusion in that Project, and the PRC meeting determined that there was adequate authority in the original project to carry out such translation from funds therein made available. Again this interpretation may be extended to funds approved for the fiscal year 1951.
